

Classic-IP66

LED HIGHBAY LIGHT

With IP66 and wide range of watt from Min 100W to Max 400W, this SMD LED highbay light can be widely used in outdoor&indoor industrial lighting applications.

International famous brand driver MeanWell, with warranty upto 7 years.

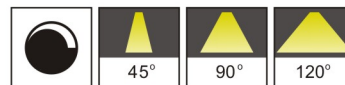

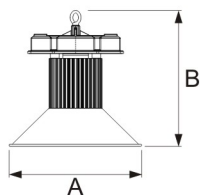

Excellent performance in heat dissipation and longer lifetime.

High light efficiency upto 120-130lm/w.

Widely used in warehouse, factory, parking lot, playground, outdoor stadium, etc.

Other technical parameters can be customized, such as wattage, light efficiency, CRI, etc.

Power Factor: PF>0.9 ; Ingress Protection: IP66; Color Rendering Index: CRI>80

Classic-IP44

LED HIGHBAY LIGHT

With wide range of watt from Min 100W to Max 350W, this SMD LED highbay light can be widely used in indoor industrial lighting applications.

International famous brand driver MeanWell, with warranty upto 7 years.

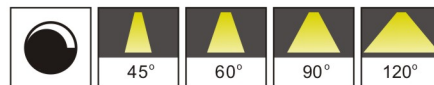

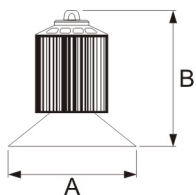

Excellent performance in heat dissipation and longer lifetime.

High light efficiency upto 120-130lm/w.

Widely used in warehouse, factory, underground parking lot, indoor stadium, etc.

Other technical parameters can be customized, such as wattage, light efficiency, CRI, etc.

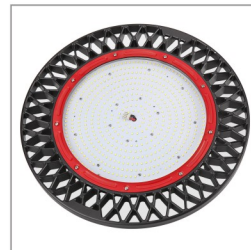

Power Factor: PF>0.9 ; Ingress Protection: IP44; Color Rendering Index: CRI>80

UFO Highbay Light

With IP65 and wide range of watt from Min 100W to Max 240W, this SMD LED UFO highbay light can be widely used in outdoor& indoor industrial lighting applications.

International famous brand driver MeanWell, with warranty upto 7 years.

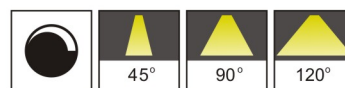

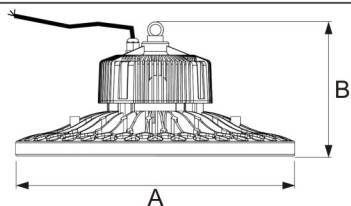

Excellent performance in heat dissipation and longer lifetime.

High light efficiency upto 120-130lm/w.

Widely used in warehouse, factory, parking lot, playground, outdoor stadium, etc.
